250-500 MI pa	£171.00
500-750 MI pa	£171.00
750-1,000 MI pa	£171.00
Over 1,000 MI pa	£171.00

Customers using more than 10MI pa are charged on a three part tariff consisting of a Fixed Charge, a Volumetric Charge and a Maximum Daily Demand Charge. See Wholesale Charges Scheme for more information.

**Streamline Transition**

Consumers that have been charged on household measured charges but are now to be charged on non household measured charges in accordance with the Authority's eligibility criteria for retail competition, may apply for the Streamline Transition Tariff. This is a temporary Tariff designed to aid the transition into the market.

Streamline Transition - Fixed Charge	£1.00
Streamline Transition - Volumetric Charge	£1.2927

Company comments:	
Consumers that have been charged on household measured charges but are now to be charged on non household measured charges in accordance with the Authority's eligibility criteria for retail competition, may apply for the Streamline Transition Tariff. This is a temporary Tariff designed to aid the transition into the market.	
Streamline Transition - Fixed Charge (Foul Water)	£2.00
Streamline Transition - Fixed Charge (Surface Water)	£32.00
Streamline Transition - Fixed Charge (Highway Drainage)	£29.00
Streamline Transition - Volumetric Charge	£1.5240

Company comments:

Measured customers are charged on a two part tariff consisting of a Fixed Charge and a variable charge using the Mogden formula. See Wholesale Charges Scheme for more information.

The volume bands are for indicative purposes only. The appropriate tariff will depend on the services received and the loads discharged.
